The diagram illustrates a QWERTY keyboard layout with various characters and symbols. The keys are organized into three rows. The top row includes keys for tilde/underscore, numbers 1-0 with their respective symbols, apostrophe/quotation, hash/underscore, dollar/percent, ampersand/asterisk, at/underscore, less/greater, equals/asterisk, brackets/parentheses, backslash/pipe, hyphen/underscore, plus/equals, and a BackSpace key. The middle row starts with a Tab key, followed by letters J/j, I/i, O/o, U/u, Y/y, a key with registered trademark and R, E/e, H/h, a space key, a key with double quote/apostrophe, a key with single quote/apostrophe, a key with tilde/apostrophe, and a key with backtick/apostrophe. The bottom row includes a Caps Lock key, a space key, a key with left and right square brackets, a key with left and right curly braces, a key with left and right angle brackets, a key with left and right double angle brackets, a key with left and right double curly braces, a key with left and right double angle brackets, a key with left and right double curly braces, a key with left and right double angle brackets, a key with left and right double curly braces, a key with left and right double angle brackets, and a Return key. The diagram is color-coded: letters are in black, numbers/symbols are in red, and function keys are in grey.
